CERTIFIDE RETURN RECIEPT  
REQUESTED

#### NOTICE OF NONCOMPLIANCE

Dear Bill,

On June 22, you met out on the ground with Forest Service Carmela Romerio, Rangeland Management Specialist; John Barker, Minerals Technician and Utah Division of Natural Resources Lynn Kunzler, Reclamation Specialist. The purpose of the visit was to inspect the quarry and get a general overview of the Plan of Operations (POO) and document any site specific concerns.

As Lynn and Carmela pointed out on the ground, the track hoe was leaking oil out onto the ground the day of the inspection, and there were several areas where oil had leaked onto the quarry site in the past (see photo #1 & 2). This letter will serve as official notice that your operations at the Lynn Springs Quarry are in noncompliance. You have 30 days from receipt of this notice to remove and dispose of the contaminated soil at an approved location. Contact Carmela Romerio at the Burley Ranger District when you plan to do the work and a forest officer will inspect the site while you do the removal.

Just a reminder, the Lynn Springs POO will apply only to portions of the mining claim that are within National Forest System lands. For those portions of the mining claim that are within lands administered by the BLM or state, approval for proposed work will have to be obtained from the appropriate agency. Continued approval of the Lynn Springs POO is contingent upon the reclamation bond being maintained at a level to totally reclaim the Lynn Springs site.

**RECEIVED**

**JUL 07 2000**

**DIVISION OF  
OIL, GAS AND MINING**

If you have any questions regarding this matter please contact Carmela Romerio at the Burley Ranger District, (208) 678-0430.

Sincerely,

DONALD E. "PETE" PETERSON

District Ranger
